VALUES >>>

DEFINING our culture

Since our founding 17 years ago, we have remained committed to our core values of positivity, integrity and passion—a set of guidelines that defines how we strive to conduct business day-in and day-out. These values were developed collaboratively by our employees and have made a lasting impact on who we are as a company.

Positivity

Encourage others;
bring out the best
in each other

Integrity

Do the right thing,
even when no one
is looking

Passion

Put your heart into
everything you do

PURPOSE >>>

to be your **HERO**

This means in every relationship, K2's goal is to do everything in our power to help others on the team excel in their role on the project and make the entire process as smooth and trouble-free as possible.

We operate under these principles not only because it supports our long-term industry relationships, but because it makes the construction process really simple. When we focus our efforts on helping others succeed, the rest of the business tends to fall into place as well.

BEYOND schedule and budget

With 17 years of experience delivering complex construction projects in Dallas, we utilize the K2 project management procedures to deliver consistently high-quality, technically sound offices to our clients. Our cloud-based project and document management softwares, RedTeam and PlanGrid, allow us to communicate critical project details to our clients, design teams, subcontractors and other partners in real-time. We host comprehensive weekly project meetings with all involved parties, submit weekly progress reports and conduct our own "pre-punch" on every project—We want to finish as strongly as we started.

EXPERTISE >>> corporate INTERIORS

We have completed almost 2,000 projects in the DFW Metroplex since inception, a majority of those for repeat clients. Our team is known for our ability to work under complicated circumstances without disrupting ongoing operations. We take a construction process that is often fraught with unpleasant surprises, anxiety and unknown costs and we deliver projects that are predictable, making the process smooth, seamless and enjoyable to the client.

Ultimately, your success determines our success, and we will do everything in our power to make sure that the project is successful on your terms. We want **to be your HERO.**

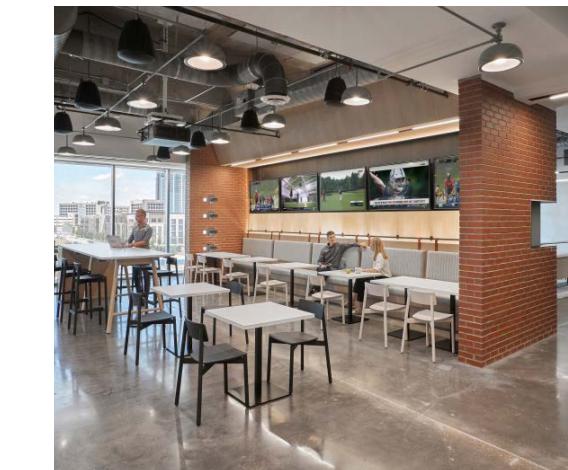

Alternative Technology Company

Frisco, TX
20,000 square feet

Designed by Revel
Project Managed by Charter Acquisitions

Located in The Star, a 91-acre campus developed by the Dallas Cowboys, K2 Construction collaborated with Revel Architecture out of San Francisco to build this 20,000 square foot office. The client's first office location in Texas consists of closed and open work space along the south and west ends with social areas, formal meeting rooms and huddle touchowns on the west end to best utilize the views of the Dallas Cowboys practice field. Unique design features of this adaptable office include polished concrete, open to deck ceilings, and varying material and textural elements that facilitate separations of space in an otherwise open office.

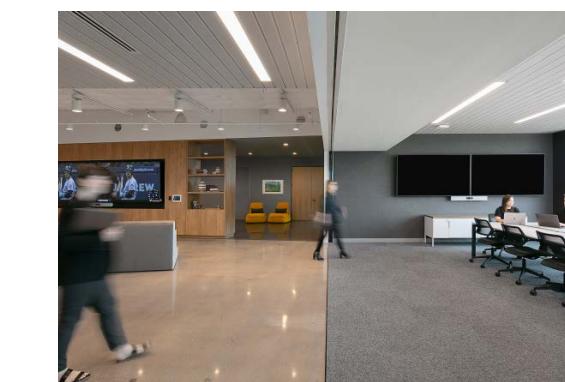

Symantec

Plano, TX
28,000 square feet

Designed by HKS
Project Managed by Cushman & Wakefield

K2 Construction was selected to complete this full-floor renovation in Granite Park in partnership with HKS and Cushman & Wakefield. Symantec's flexible layout utilizes operable partition walls, back-painted glass and glass office fronts to create a more transparent and interconnected workplace. This office contains interior private offices, training rooms, six conference rooms, multiple huddle and focus rooms and exterior-facing open workspace for their global sales and engineering teams. An activity center situated adjacent to the reception houses an indoor "track" displaying motivational wellness messaging, ping-pong tables, kegs and 90-inch recessed flat screens, all with the goal of keeping their technical professionals happy and productive.

Market Ross Place (Under Construction)

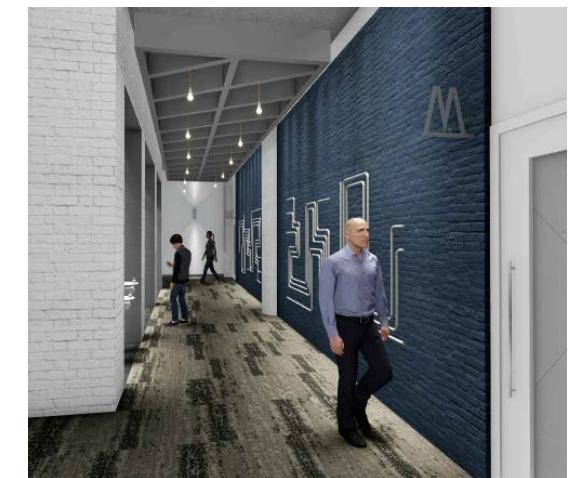

Dallas, TX

140,000 square feet (total building)

Design by GFF

Project Managed by Lincoln Property Company

Built in 1905, this historical property consists of 3 buildings connected by a 5-story atrium. K2 was selected to complete major building renovations to the main entrance lobby, atrium lobby, tenant lounge and all common areas on five floors including fitness centers, conference centers and restrooms. This project was completed while the building remained fully operational. The most significant construction effort involved building two structural concrete columns up five floors to accommodate the installation of a decorative screen on the atrium-facing side of the elevator.

Toyota Experience Center

Plano, TX
44,000 square feet

Designed by JRA and Oorgan
Project Managed by JLL

Located within the state-of-the-art Toyota Motor North American Headquarters, this project consisted of a full-floor shell finish of a Museum and Customer Experience Center. Toyota's first and only visitor attraction in North America houses relics of the automaker's past, including the first ever hand-made car. The center utilizes leading edge technology to provide an interactive experience including a virtual reality driving simulator for both off-road and track vehicles and a live stream of a Lexus assembly line in Japan. The first, third and fourth floors of this headquarters building surrounding the museum remained fully operational during construction.

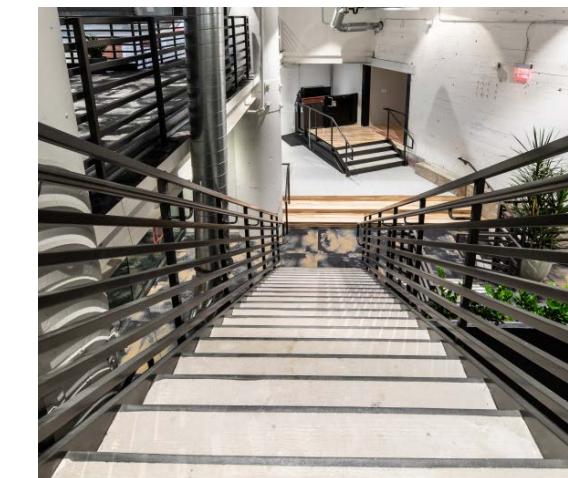

Common Desk Factory Six03

Dallas, TX
19,000 square feet

Designed by ENTOS Design
Project Managed by Granite Properties

Common Desk's new location in Dallas' West End is located in Granite Properties' adaptive reuse project at Factory Six03, one of the most historically iconic buildings in Dallas. The office features a mix of wood floors and polished concrete, open to deck ceilings and high-end light Italian fixtures. The most complicated construction effort involved creating five separate levels within what once was a singular level space. This project had an extremely expedited schedule and was completed on time for the client's January 2019 move-in.

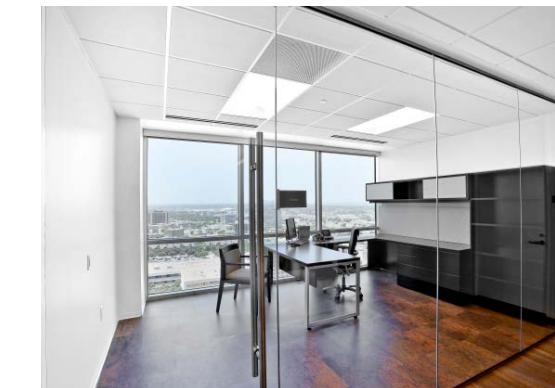

Winstead

Fort Worth, TX
10,000 square feet

Designed by lauckgroup / Perkins + Will
Project Managed by JLL

Winstead PC is a national corporate law firm with offices in Texas, Louisiana, North Carolina and Washington D.C. K2 Construction completed a high-end finish transforming the 17th floor of City Place in Fort Worth into a unique yet traditional office space. With private offices spanning the perimeter of the suite including floor to ceiling view of downtown Fort Worth, and administrative, breakroom and conference rooms centrally located, the traditional floor plan was created to avoid a potentially disruptive open-office concept. K2 collaborated with lauckgroup (now Perkins + Will) and Spire Realty to deliver this project within a compressed 9-week schedule.

Atos North American Headquarters

Irving, TX
98,000 square feet

Designed by Gensler
Project Managed by Cushman & Wakefield

Atos is a global digital services company operating in 73 countries and serving as the worldwide technology partner for the Olympic Games. K2 completed this project in two sixteen-week phases. The office has several distinctive features: a commercial kitchen and cafeteria, cutting edge audio visual technology, programmable LED lighting, a mix of open, cloud and acoustic ceilings, curved walls throughout and curved custom bench seating.

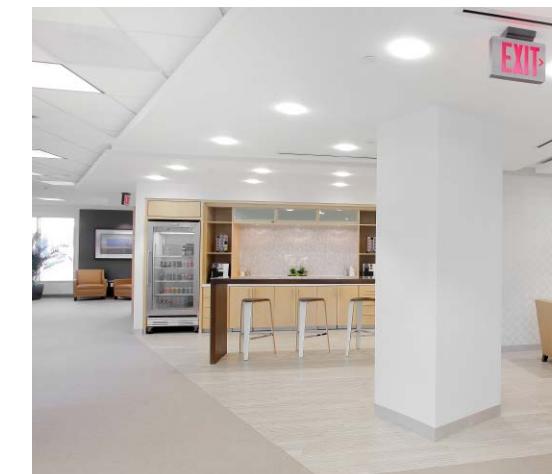

Wick Phillips

Dallas, TX
12,000 square feet

Designed by Corgan
Project Managed by Lincoln Property Company

Wick Phillips is a law firm providing legal services to a variety of industries. K2 was selected to complete the interior renovation of their Dallas office located on McKinney Avenue in partnership with Lincoln Properties and Corgan Associates. The scope included radius ceiling conference rooms, visitor lounge, employee break room, porcelain tile and wood ceiling elements in the reception area, and custom administration stations.

Jamba Juice Headquarters

Frisco, TX
27,000 square feet

Designed by IA | Interior Architects
Project Managed by Cushman & Wakefield

Jamba, Inc. relocated its headquarters to Frisco, Texas, re-energizing their office to reflect the colorful Jamba Juice brand. The first floor includes the reception area plus a commercial test-kitchen and a standalone Jamba Juice store. The seventh floor has a mix of collaborative space, private office, conferencing, training and a breakroom. The training room includes a custom wood partition system, designed by the K2 team, that can be opened to create one large meeting space.

Transwestern Uptown Headquarters

Dallas, TX
29,000 square feet

Designed by Corgan
Project Managed by Transwestern

Located within The Union, a Class-A and LEED Gold office building in the heart of Uptown, Transwestern's new Dallas headquarters boasts floor-to-ceiling windows with views of the Dallas skyline. This office features custom fabricate metal features, Armstrong metalwork ceilings, a mix of exposed polished concrete, carpet and LVT flooring. The office includes a mix of open and private office, multiple focus rooms, conference rooms, and a large break room. This project was completed on time in 12 weeks.

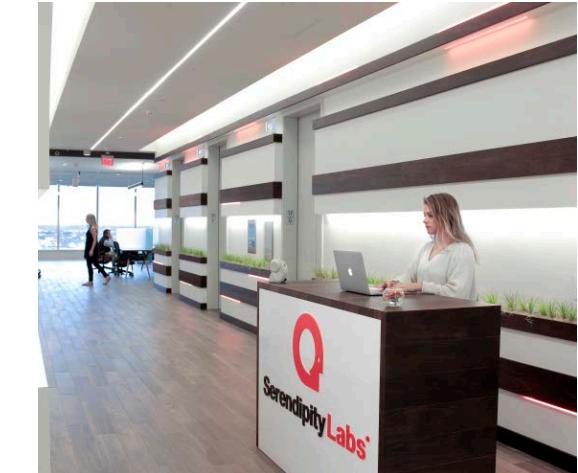

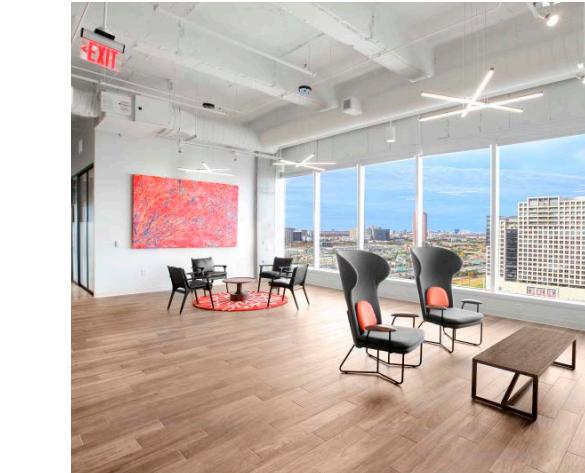

Serendipity Labs Hall Arts

Dallas, TX
29,000 square feet

Designed by Gensler
Project Managed by Hall Financial

Serendipity Labs is a rapidly expanding company that delivers an upscale, hospitality-based coworking experience. K2 Construction was hired to complete their first Dallas location in Hall Arts which boasts 360 degree views of downtown Dallas. The office includes distinctive art displays and collaborative workspace designed to boost creativity and productivity.

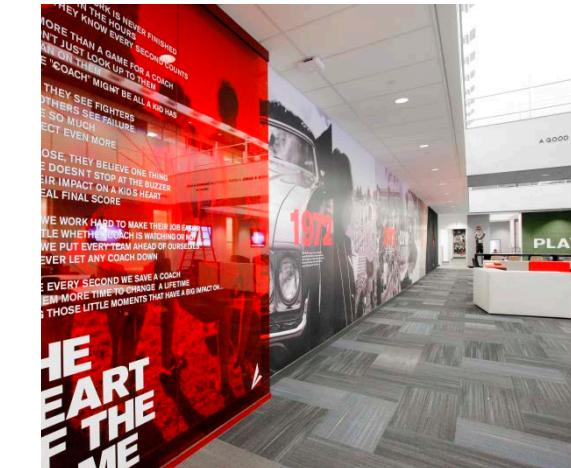

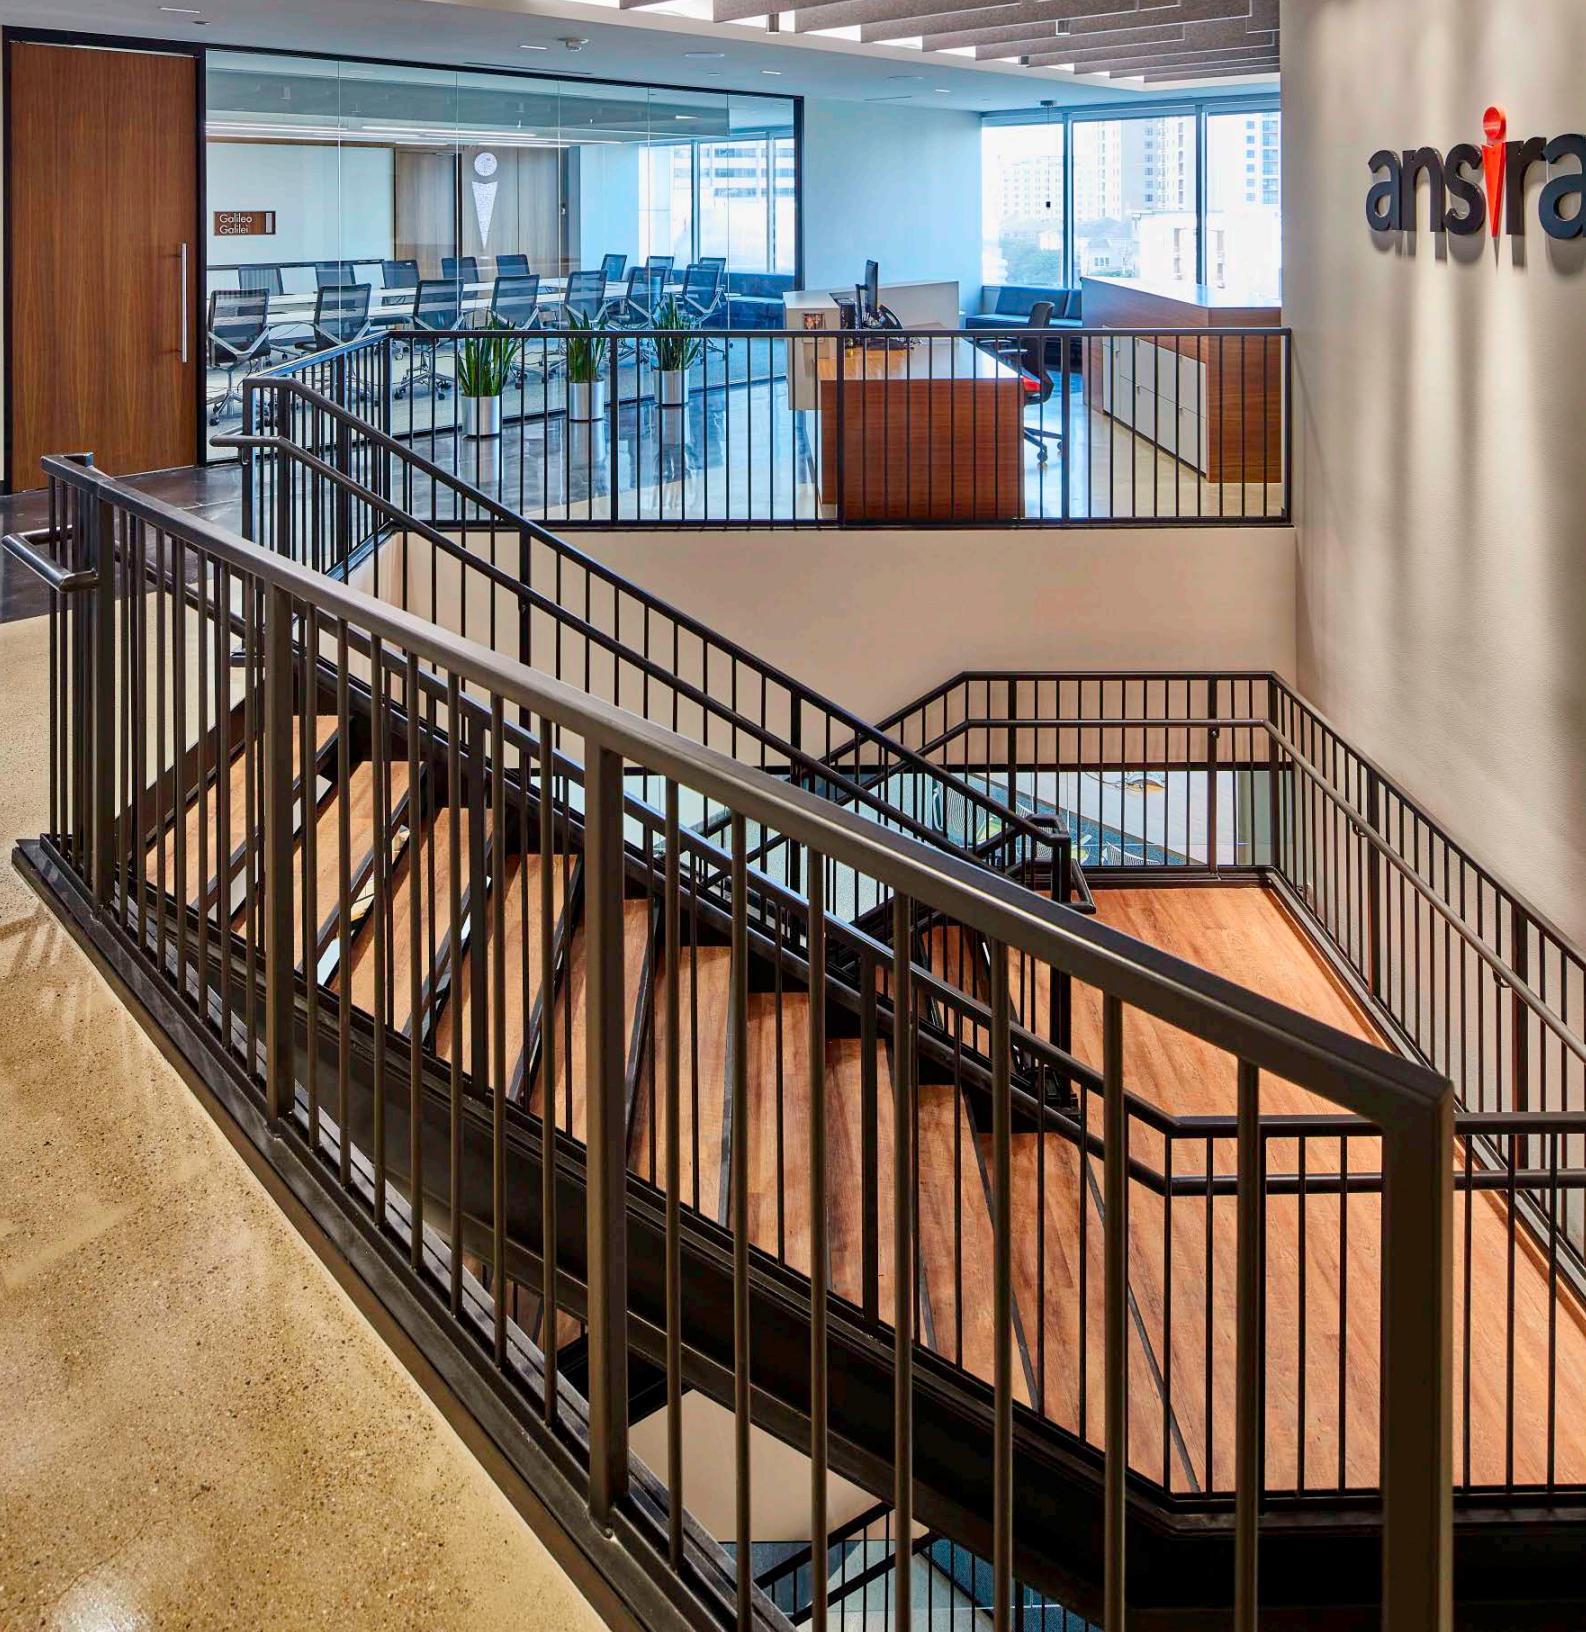

Varsity Brands

Farmers Branch, TX
140,000 square feet

Designed by Corgan
Project Managed by Cushman & Wakefield

Varsity Brands is the leader in team athletic gear, cheerleading uniforms and student milestones. They hired K2 to assist in a large-scale refresh of the stand-alone office to include interesting design features such as simulated basketball court flooring, turf feature walls and graphics displayed on 70% of the common area walls. K2 accommodated \$4.5 million in owner-supplied furniture that was installed concurrent with construction. From contract to completion, the scope more than doubled with no impact to the schedule.

Ansira

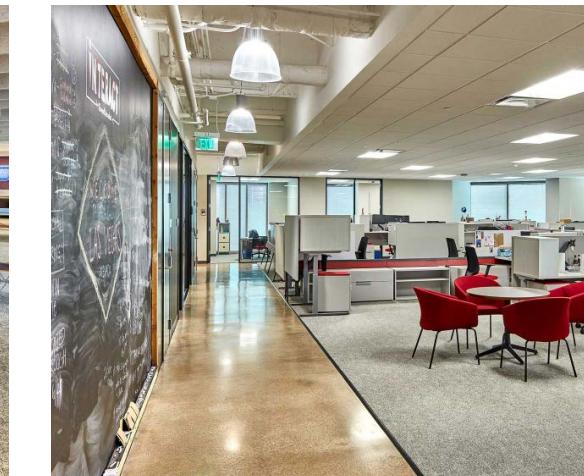

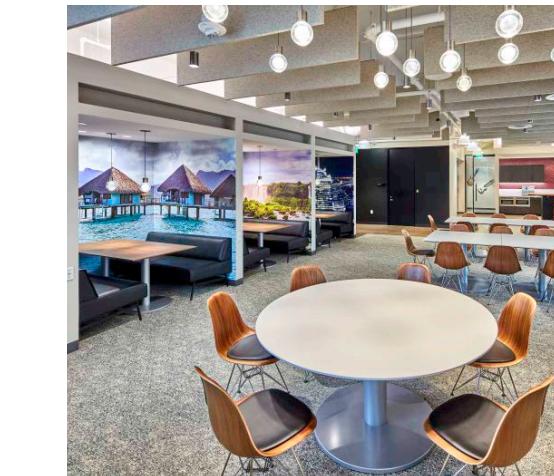

Dallas, TX

88,000 square feet

Designed by DLR | Staffelbach

Project Managed by Charter Acquisitions

This four-floor finish-out in 3 Galleria Tower included structural glass fronts, polished concrete, art deco baffled ceilings, programmable LED lighting and specialty wood accents. The most noteworthy construction effort involved demolition of structural slabs on three floors to accommodate a new central stairway. The office includes two breakrooms per floor with banquette seating, multiple conference rooms, open workstation space and executive offices.

HighGround Advisors

Dallas, TX
24,000 square feet

Designed by IA | Interior Architects
Project Managed by JLL

This full-floor renovation for HighGround Advisors was located in Comerica Bank Tower, a 60-story, Class-A property. The scope included executive offices, lounges, reception area, breakroom, boardroom and open office space. Unique design features include framed glass office fronts with office sliders, stained wood feature walls, a fireplace in the executive lounge and open to deck ceilings with custom stained baffles.

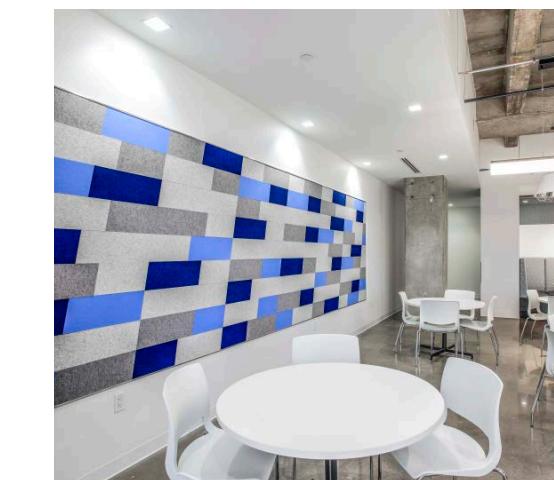

Cyxtera

Addison, TX
28,000 square feet

Designed by Gensler
Project Managed by Holt Lunsford Commercial

K2 Construction partnered with Gensler on this high-end office for a repeat client in Addison Circle One. Unique angles are a consistent theme throughout the space starting with the wall connections, of which very few are perpendicular. Additionally, the specific angles of the aluminum fin feature wall create a code representing the Cyxtera mission statement. Other high-end finishes include open ceilings, baffles, terrazzo floors and stretched fabric light coves to create indirect, soft light in the auditorium.

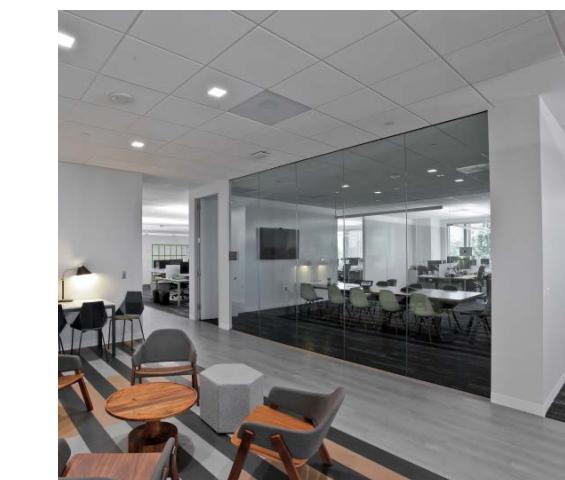

Excentus

Dallas, TX
60,000 square feet

Designed by Furstenwerth & Bagley Design
Project Managed by Lincoln Property Company

Excentus' tech-driven project was spread over two floors and features a clean design highlighted with natural wood and unique lighting. Essential to the project was a secured, in-house R&D area for the development of hardware, programming of software and delivery of their customer loyalty system. The remaining workplace included open office with private break-out rooms, a large breakroom with banquette seating and secured executive space.

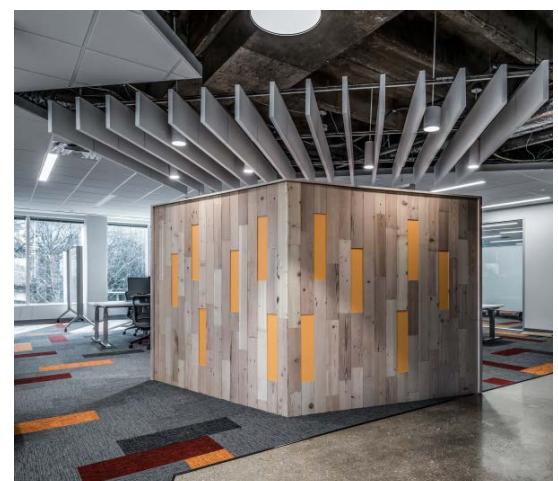

Infosys

Richardson, TX
160,000 square feet

Designed by ENTOS Design
Project Managed by Foundation Real Estate

Infosys' new Technology and Innovation Hub in Richardson was completed by K2 in partnership with ENTOS Design and is contributing to their campaign to hire 10,000 American workers within the next calendar year. This eight-floor project spanning two buildings in 2400 Glenville features open to deck ceilings and polished concrete floors in the common areas, ample huddle areas and private rooms for more focused work, and primarily open work areas around the perimeter of each floor. K2 was awarded a second four-floor, 90,000 square foot

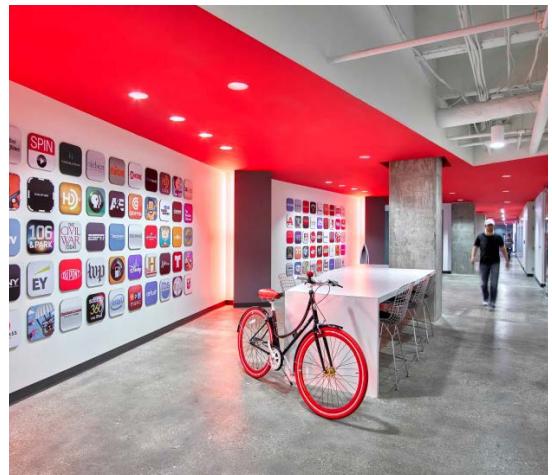

Bottle Rocket

Addison, TX
42,000 square feet

Designed by Gensler
Project Managed by CBRE

This two-floor office was designed to spur creativity within the company's workforce. Unique design features include polished concrete, a mix of open collaborative space with dry erase walls and private offices for more focused work. K2 removed a section of concrete deck to create a structural atrium which creates connectivity between the two floors.

Undisclosed Financial Institution

Plano, TX
29,000 square feet

Designed by GFF Architects
Project Managed by JLL

K2 provided construction services at this corporate campus to transform a traditional office environment into their “innovation lab”, a collaborative workspace. This new workspace was adjacent to the C-suite and the project was completed without disruption to these executives. The project was completed in three phases and was managed by JLL and designed by GFF.

Thank you for your interest in K2 Construction.

K2's promise to our clients goes beyond delivering a project on time and on budget. You get a completed project, yes—but you also get the experience of working with a partner who intimately understands your project goals and delivers a collaborative approach from the beginning.

Ultimately, your success determines our success, and we will do everything in our power to make sure that the project is successful on your terms. We want to be your HERO.

If you would like more information about the solutions that K2 can provide, please do not hesitate to contact me.
